Approach

The Economic Development team would like to know a bit more about the local business community, and how Council can work together with business to create a prosperous and sustainable region.

Council asked the business community to complete a survey during the month of April 2019, which asked basic questions about business profiles and impacts, to better understand the region's needs.

All Whitsunday businesses were strongly encouraged to participate in the survey online at Your Say Whitsunday.

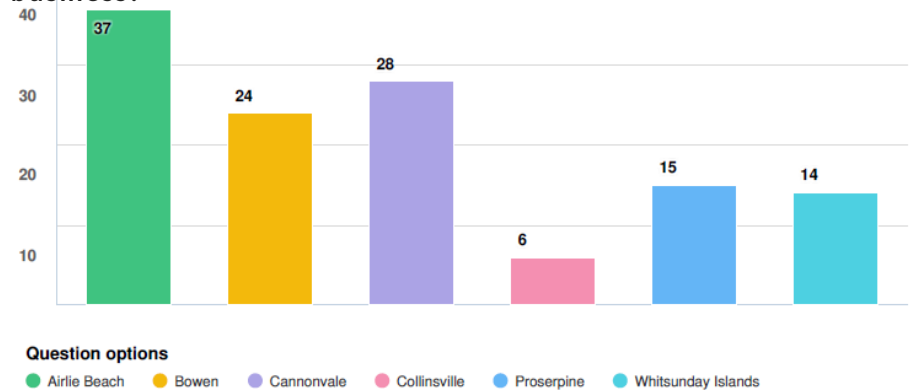

Next Steps

A Report outlining the outcomes of the survey will be submitted to Council in mid 2019.

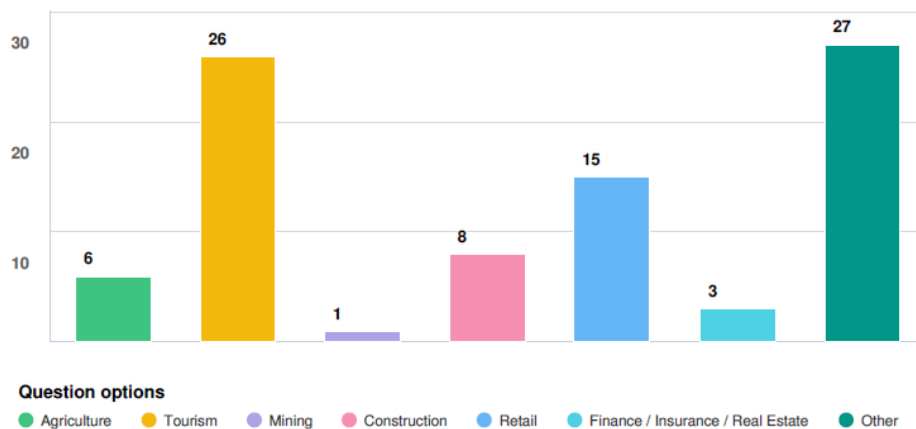

The information received from the consultation process will be considered during the planning and strategies undertaken by the Economic Development team.

Who took the survey?

Which community do you identify as the main location for your business?

What industry sector does your business fall into?
